

AGENDA
Shared Decision Making Study Group
Maine Quality Forum
211 Water Street, Augusta

October 13, 2009
9:00 am – 12:00 pm

1. Welcome and Charge to the Study Group
2. Goals for this Meeting
 - a. Develop collective understanding about:
 - i. What is shared decision making?
 - ii. What is the current state of the art?
 - iii. What do we know about decision making tools?
 - iv. What are known barriers to shared decision making?
 - b. Adopt working definitions of *shared decision making* and *shared decision making tools*.
3. Introduction to Shared Decision Making
Nananda Col, MD
Center for Outcomes Research and Evaluation
Maine Medical Center
4. Discussion
5. Determine Content and Schedule for Future Meetings

Meeting #2

- What shared decision making aides are in use?
- How are aides evaluated/regulated?
- What is the extent of third party payment?
- What incentives are used to promote SDM among providers and patients?

Meeting #3

- What roles have states played in advancing SDM?
- What are the policy implications for Maine and the MQF?
- What consumer protections are needed?

Meeting #4

- Review draft report to Legislature
- Finalize recommendations

6. Adjourn
